## Professional Summary

Motivated **Flutter Developer** with **1 year of experience** in designing and building high-quality, cross-platform mobile applications. Proficient in Dart programming and skilled in integrating APIs, state management, and responsive UI design. Adept at solving complex problems, collaborating with teams, and delivering seamless user experiences. Passionate about leveraging Flutter's capabilities to create innovative, scalable, and user-centric applications.

## Professional Experience

**Cydez Technologies , Kochi** | Flutter developer | 2025 March – Ongoing

- Developed and maintained cross-platform mobile apps using Flutter.
- Collaborated with teams to design and integrate RESTful APIs.
- Enhanced UI/UX for consistent Android and iOS experiences.
- Debugged and optimized apps for better performance and stability.
- Used Riverpod and BLoC for scalable state management.
- Participated in code reviews and Agile processes to ensure quality and alignment.
- Gained hands-on experience in building scalable, production-ready solutions.

**Inworth it Solutions, Kochi** | Flutter developer | August 2024 – February 2025

### Inventory Management System

- **Admin Web App:** Implemented sales dashboard, shop/product management, and report generation.
- **Salesman Mobile App:** Built a user-friendly sales interface with PHP backend integration.

### Meatdo – Meat Delivery Platform

- **Owner App:** Managed inventory and deliveries.
- **Customer App:** Enabled product browsing, ordering, and delivery tracking.
- **Delivery Boy App:** Provided real-time order updates and optimized delivery routes.
- All apps integrated with a PHP backend for real-time synchronization.

**Unique Occassio Tech, Kochi** | Flutter developer internship | January 2024 – July 2024

- **Online Shopping Application:** Designed and developed a dynamic e-commerce application using Firebase as the backend, enabling real-time data updates for seamless shopping experiences.

## Technical Skills

- **Authentication & Security:** Knowledge of JWT (JSON Web Token) and session handling using cookies.
  - **Flutter Development:** Proficient in Dart, widget customization, state management (Provider, GetX, BLoC), and third-party plugin integration.
  - **Cross-Platform Development:** Expertise in creating responsive and performant mobile applications for Android and Web applications.
  - **UI/UX Design:** Skilled in building intuitive and visually appealing user interfaces using Figma and following Material Design and Cupertino guidelines.
  - **Backend Integration:** Proficient in integrating Firebase services (Authentication, Firestore, Realtime Database, Cloud Functions) and RESTful APIs.
  - **API Tools:** Experience using Postman for API testing and debugging.
  - **Version Control:** Hands-on experience with Git and platforms like GitHub.
  - **Database Management:** Hands-on experience with local storage solutions such as Hive, Sqflite, and Shared Preferences for offline data handling.
  - **Problem-Solving:** Strong analytical skills for troubleshooting, optimizing performance, and resolving code issues efficiently.
- 

## Education

- **Bachelor of Computer Science Engineering** – MGM College of Engineering, Malappuram  
APJ Abdul Kalam Technological University | Graduated July 2023 | **6.7 CGPA**
  - **Diploma in Computer Hardware Engineering** – Government Polytechnic College Palakkad,  
Kerala Technical Education | **75 Percentage** | Passed 2020
  - **Higher Secondary (Bio-Science)** – PMSA HSS Chappanangadi,  
Kerala State Board | **73 Percentage** | Passed 2017
  - **SSLC** – PMSA HSS Chappanangadi, Kerala State Board | **89 Percentage** | Passed 2015
- 

## Certifications

- **Flutter Development Internship** – Completed a 6-month certification program focused on cross-platform mobile application development.
-
